

Engedi Business Partnership

YOUR BUSINESS can make a difference in community development through partnership with ENGEDI REFUGE.

Business Partnership has many expressions:

- **Products and Services Donations.**
 - Many businesses have access to much needed items like office supplies, food, clothing, furniture, cleaning supplies or specialized services. These donations can meet our needs and greatly cut operating expenses.
- **Employment Opportunities for Engedi Residents.**
 - One of the greatest ways to restore lives and build hope is through job skill development and meaningful employment. Opening up a part-time position for an Engedi resident can change their life.
- **Fundraiser Sponsorship.**
 - Engedi raises funds in the community each year. Sponsoring these events and helping us network in the community for awareness, compassion and partnership is one of the best ways to support this work.
- **Employee donations / Matching Incentives.**
 - Inspire your leadership team and employees to get involved and make a difference.
- **Special Project Support.**
 - Charitable teamwork is a good way to serve a great cause, and to unify your most valuable assets, your employees.

Engedi Refuge will supply each of our business partners with:

Annual Reports, Employment Needs, Fundraiser Invitations, Customized Awareness Opportunities, Special Project Ideas, email updates, Printed brochures and our website link.
